- E. This agreement complements the mission-based compact between both parties setting out how the Provider's mission aligns with the Commonwealth of Australia's goals for higher education.
- F. This agreement also gives the Provider an overview of other Commonwealth funding provided under HESA and relevant legislative instruments. This overview is for information only and is set out in the 'Background and Description of Commonwealth Funding' section that follows.
- G. Under section 36-65 of HESA, the Provider must comply with this funding agreement.

BACKGROUND AND DESCRIPTION OF COMMONWEALTH FUNDING

The Commonwealth of Australia will provide funding under the three broad streams below, as administered by the Department of Education, Skills and Employment (Department), subject to relevant HESA provisions, the conditions of this agreement, and the conditions of any grants provided under each funding stream, which provide the essential building blocks to support world-class teaching and research effort in line with this shared goal. The Provider agrees to use this funding as intended to drive quality higher education and research in the public interest.

1. Teaching base grants

In accordance with Division 33 of HESA and as set out in Part A of this agreement, the Provider will receive a total basic grant amount (TBGA) in Commonwealth Grant Scheme funding, which is an amount up to the sum of the Provider's:

- maximum basic grant amount (MBGA) for higher education courses
 - may include funding for the Provider to partner with a Regional University Centre (RUC). This funding component is to be used to support the objectives of the RUC.
 - provides a flexible funding envelope within which funding can be moved between disciplines (excluding medicine) and course levels (sub-bachelor, bachelor and postgraduate).
- MBGA for designated higher education courses (currently only courses of study in medicine)

- any funding the Provider receives for demand driven higher education courses, calculated in accordance with section 33-5 of HESA and on the basis of the new funding cluster rates commencing on 1 January 2021.

The Provider may also receive other loading amounts as specified in paragraph 33-1(1)(b) of HESA, and worked out in accordance with the *Commonwealth Grant Scheme Guidelines 2020*. The Transition Fund Loading will be provided in accordance with the *Commonwealth Grant Scheme Guidelines 2020*.

2. *Research base grants*

The Research Block Grants are calculated in accordance with Part 2-3 (Other grants) and 2-4 (Commonwealth scholarships) of HESA and comprise two components:

- The Research Training Program (RTP), which supports the training of students undertaking Research Doctorate and Research Masters courses, as set out in the *Commonwealth Scholarships Guidelines (Research) 2017*.
- The Research Support Program (RSP), which provides a flexible funding stream to assist eligible providers with the systemic costs of university research, as set out in the *Other Grants Guidelines (Research) 2017*.

Grants for the relevant program will be made to eligible providers through the relevant instrument and on the conditions set out in the relevant instrument. If the provider reports any unspent RSP grant amounts to the Department in relation to the 2021 grant year, the Department will approve the rollover of any unspent amounts into the 2022 grant year. Further, if the Provider spends RSP grant amounts on RTP scholarships, the conditions set out in *Commonwealth Scholarships Guidelines (Research) 2017* apply to these scholarships.

3. *Engagement base grants*

There are three grants available to eligible providers under this funding stream that have been established as programs under the *Other Grants Guidelines (Education) 2012*:

- The National Priorities and Industry Linkage Fund (NPILF) which supports the vital functions of engagement with industry, development of industry-relevant course material, optimisation of the course mix for local economies, and provision of work-integrated learning opportunities for students.
- The Indigenous, Regional and Low Socio-Economic Status Attainment Fund (IRLSAF) which supports initiatives to improve access and participation for groups in the population with lower participation and attainment rates, including Indigenous persons, students from low socio-economic backgrounds, and those from regional areas and remote areas. Refer to Appendix 3 for further details.
- The National Institutes Program which provides funding to eligible providers to support national institutes.

Conditions applying to the relevant program are set out in the *Other Grants Guidelines (Education) 2012* and the conditions of grant (if any) made by the Minister. Grants under the relevant program will be made to eligible providers under the *Other Grants Guidelines (Education) 2012*.

Eligible providers may also receive grants under Part 2-3 (Other grants) of HESA in relation to the Tertiary Access Payment (TAP). The TAP which provides a one-off, non-indexed, means-tested payment to school-leavers from outer regional or remote areas who relocate more than 90 mins to undertake full-time, higher-level tertiary education (Certificate IV or above). Conditions applying to grants for the TAP will be set out in the conditions of grant made by the Minister.

The Provider may also receive other grants for ad hoc programs or projects under Part 2-3 (Other grants) of HESA and/or the *Other Grants Guidelines (Education) 2012*. Conditions applying to these grants are set out in the *Other Grants Guidelines (Education) 2012* and/or the conditions of grant (if any) made by the Minister.

Indicative maximum funding amounts

Indicative maximum funding amounts for each of these funding streams are shown in the following table. The table does not include amounts for any ad hoc grants made under Part 2-3 (Other grants) of HESA and/or the *Other Grants Guidelines (Education) 2012*. The amounts in the table are included for reference only and are not intended to pre-empt or otherwise affect the making of any grant under, or in accordance with, HESA, the *Commonwealth Grant Scheme Guidelines 2020*, the *Other Grants Guidelines (Education) 2012*, the *Other Grants Guidelines (Research) 2017* or the *Commonwealth Scholarships Guidelines (Research) 2017*. The amount of funding the Provider actually receives will be calculated based on HESA and the relevant legislative instrument.

This advance payment will be revised based on estimates received from the University in April and October 2021. The demand driven advance is expected to be reconciled against actual data in mid-2022.

****Medical Student Loading note:** the amounts for the 2022 and 2023 Grant Years are estimates, which are based on the current allocation of medical Commonwealth supported places. These amounts will be revised when data becomes available.

***** The TAP grant funds are in two parts:**

- (a) grant funds for scholarships to students of \$1,120,000 for 224 scholarships
- (b) grant funds for TAP program administration of \$112,000 to undertake promotion, administration and reporting activities
- (c) To ensure as many students as possible have access to a payment, the Department will assess the utilisation of scholarships at all universities in April 2021 and reallocate unused scholarships proportionately to universities with excess demand.

NOW IT IS AGREED as follows:

PART A: Commonwealth Grant Scheme funding

Commonwealth Grant Scheme funding amount and payment arrangements

1. The Commonwealth will pay to the Provider the CGS funding amount for the 2021, 2022 and 2023 grant years, calculated in accordance with Division 33 of HESA.
2. The Commonwealth will notify the Provider before the start of the relevant Grant Year covered by this agreement about the CGS advances in respect of amounts expected to become payable to the Provider for the relevant Grant Years under subsection 164-10(1) of HESA for:
 - 2.1. higher education courses;
 - 2.2. designated higher education courses; and
 - 2.3. demand driven higher education courses.
3. Amounts payable as CGS advances may be adjusted throughout the relevant Grant Year based on information provided to the Commonwealth by the Provider.
4. CGS advances made in respect of a Grant Year will be reconciled with CGS funding payable to the Provider for the relevant year. This reconciliation will occur in the year following the Grant Year when actual student enrolment data for the Grant Year is finalised and provided to the Commonwealth. If the amount of an advance paid to the Provider exceeds the amount that becomes payable to the Provider, the Commonwealth will seek recovery of the overpaid amount from the Provider under subsection 164-10(1A) of HESA.
5. To ensure the Provider is able to keep operating and employing staff in the aftermath of the COVID-19

pandemic, the Commonwealth has created the Higher Education Continuity Guarantee (HECG) as a program under the *Other Grants Guidelines (Education) 2012*. The Commonwealth will provide grants to eligible providers under the HECG for the Grant Years 2021, 2022 and 2023. The HECG has colloquially been referred to as the 'CGS funding guarantee' for the relevant Grant Years.

Estimates of Commonwealth supported places

6. The Provider must provide accurate and timely estimates of Commonwealth supported places, including the number of grandfathered students and non-grandfathered students expected to study in Commonwealth supported places, for the current year and future years, as required by the Commonwealth.

Provision of other data

7. The Provider must provide data relating to revised transparency arrangements as requested, including in relation to admissions processes and the cost of teaching and scholarship. This includes providing the data in the form and at the times required by the Commonwealth to support the national admissions platform.

Section One: Higher education courses

Maximum basic grant amount for higher education courses

8. The maximum basic grant amounts for higher education courses, specified for the purposes of paragraph 30-27(1)(a) of HESA, for the Grant Years covered by this agreement, are set out in Table 1a of Appendix 1. Appendix 1 also contains additional conditions in relation to the maximum basic grant amount for higher education courses with which the Provider must comply.

Trading Commonwealth supported places with another provider

9. The Provider may trade Commonwealth supported places for its higher education courses with another Provider, subject to the transaction being cost neutral and receiving approval from the Commonwealth.
10. If a trade occurs, both providers must notify the Commonwealth in writing by 31 March of the year for which the trade applies and in advance of the census date for the traded places.
11. Both providers must demonstrate arrangements are in place to take into account the number of places required in the pipeline of enrolments beyond the transfer to ensure students can complete their courses.
12. If approved by the Commonwealth, each Provider's funding agreement will be updated to reflect the trade (including to make changes to each Provider's MBGA for higher education courses). The trade will not be effective until the required changes are made to each Provider's funding agreement.

Section Two: Designated higher education courses

Maximum basic grant amount for designated higher education courses

13. The maximum basic grant amounts for designated higher education courses, specified for the purposes of paragraph 30-27(1)(b) of HESA, for the Grant Years covered by this agreement, are set out in Appendix 2.

Allocation of Commonwealth supported places for designated higher education courses in medicine

14. The total number of Commonwealth supported places for designated higher education courses in medicine allocated to the Provider under paragraph 30-10(1)(a), and for the purposes of subparagraph 30-25(3)(a)(iii) of HESA, for the 2021 Grant Year is set out in Table 2a of Appendix 2. For the purposes of paragraph 30-25(3)(c), this allocation is the maximum number of Commonwealth supported places for designated higher education courses in medicine provided by the Provider which can have a medical student loading in the relevant Grant Year.
15. The total number of Commonwealth supported places for designated higher education courses in medicine allocated to the Provider under paragraph 30-10(1)(a), and for the purposes of subparagraph

30-25(3)(a)(iii) of HESA, for the 2022 Grant Year is set out in Table 2b of Appendix 2. For the purposes of paragraph 30-25(3)(c), this allocation is the maximum number of Commonwealth supported places for designated higher education courses in medicine provided by the Provider which can have a medical student loading in the relevant Grant Year.

16. The total number of Commonwealth supported places for designated higher education courses in medicine allocated to the Provider under paragraph 30-10(1)(a), and for the purposes of subparagraph 30-25(3)(a)(iii) of HESA, for the 2023 Grant Year is set out in Table 2c of Appendix 2. For the purposes of paragraph 30-25(3)(c), this is the maximum number of Commonwealth supported places for designated higher education courses in medicine provided by the Provider which can have a medical student loading in the relevant Grant Year.
17. The number of domestic annual completions for the Provider's designated higher education courses in medicine in 2021 are 130, 2022 are 130 and 2023 are 130. The Provider must not change its designated higher education course or courses in medicine in ways that will change the number of domestic annual completions for the course or courses.
18. The Provider must not admit commencing domestic full fee paying students in its designated higher education courses in medicine.
19. The maximum amount of medical student loading payable to the Provider for the relevant Grant Years is:
 - For 2021: \$815,577
 - For 2022: \$769,872
 - For 2023: \$771,000

Note: the amounts for the 2022 and 2023 Grant Years are estimates, which are based on the current allocation of medical Commonwealth supported places. These amounts will be revised when data becomes available.

Bonded Medical Program

20. The total number of Commonwealth supported places for higher education courses in medicine includes the number of Bonded Medical Places (BMP) Scheme, Medical Rural Bonded Scholarship (MRBS) Scheme and the reformed Bonded Medical Program (commencing 1 January 2020) places.
 - 20.1. From 1 January 2021, the Provider must allocate 28.5 per cent of all commencing Commonwealth supported places for higher education courses in medicine to Bonded Medical Program students for the calendar year. Commencing with the 2020 intake, the number of Bonded Medical Program places may be averaged over a period of three consecutive calendar years to calculate 28.5 per cent.
 - 20.2. From 1 January 2021, the bonded places provided under the Bonded Medical Program must be used for Bonded Medical Program students only. Non-bonded and fee paying places must not be used for bonded students.
 - 20.3. From 1 January 2021, the BMP Scheme will cease. The bonded places previously provided under the BMP and MRBS Schemes must continue to be used for BMP and MRBS students until they complete their higher education course in medicine.
 - 20.4. The MRBS Scheme places, which ceased in 2015, are separate from the BMP Scheme places. Students who were granted a MRBS Scheme place and are currently undertaking a higher education course in medicine cannot be counted towards the BMP Scheme's 28.5 per cent requirement.

Section Three: Transition Fund Loading

Amount of Transition Fund Loading payable to the Provider

21. The amount of Transition Fund Loading payable to the Provider for the relevant Grant Years is calculated using the formula in the CGS Guidelines and is estimated as:

- For 2021: \$11,796,473
- For 2022: \$252,684
- For 2023: \$0

PART B: Other conditions and requirements*Clinical placements and practicums*

22. For a course that is accredited under section 49 of the National Law, the Provider must ensure that each student enrolled in the course has access to clinical placements in accordance with the approved accreditation standard for the profession.
23. For a course that provides a pathway to professional certification or registration, where that certification or registration requires the completion of a clinical or practicum placement (for example in initial teacher education, engineering, social work) the Provider must ensure that each student enrolled in that course has access to clinical placements or practicums in accordance with the relevant professional accreditation standards.

New campuses and campus closures

24. The Provider must obtain the Commonwealth's prior written approval if the Provider proposes to enrol Commonwealth supported students in a course of study that is, or is to be undertaken, primarily at an educational facility, other than one of the Provider's campuses listed below in [Table 2](#) or approved educational facilities listed below in [Table 3](#).
25. Similarly, if the Provider proposes to close a campus or approved educational facility where Commonwealth supported students are enrolled, the Provider must obtain the Commonwealth's prior written approval.

Table 2: Provider's campuses

Closures of courses

26. Before closing any of the following types of undergraduate and postgraduate courses of study in which Commonwealth supported students have been enrolled for more than two years (including a major within a course of study), the Provider must consult the Commonwealth and obtain the Commonwealth's approval for the closure of the course:
- 26.1. courses that prepare students for entry to any occupation that is experiencing a Skills Shortage;
- 26.2. courses the closure of which would be likely to create a Skills Shortage in an occupation because the Provider is the sole or dominant provider of the national skill base for that occupation;
- 26.3. specialised courses directed at the regional economy, the closure of which is likely, in the Commonwealth's opinion, to create serious detriment to the skills base of a regional economy; and
- 26.4. courses in areas of priority under the Job-ready Graduates package, for example in science, engineering, computing, allied health, education and languages.
27. In making a decision to approve a course closure under clause 26, the Commonwealth will:
- 27.1. seek to reach a mutually agreeable arrangement with the Provider regarding the course closure;
- 27.2. have regard to student demand for the course, the financial viability of the course, the justification provided for a proposed course closure by the Provider and other relevant factors;
- 27.3. assist the Provider to explore options to retain the course, including through cooperation with

another provider or the movement of Commonwealth supported places to another provider (where applicable); and

- 27.4. not unreasonably withhold approval for a course closure so as to place an unreasonable financial burden on the Provider or place the Provider in a financially unviable position in regard to the Provider's overall financial status.

Applicable law and jurisdiction

28. The laws of the Australian Capital Territory apply to the interpretation of this agreement.
29. The parties agree to submit to the non-exclusive jurisdiction of the courts of the Australian Capital Territory and any courts which have jurisdiction to hear appeals from any of these courts in respect to any dispute under this agreement.

Entire agreement, variation and severance

30. This agreement and the HESA record the entire agreement between the parties in relation to its subject matter. Any previous agreement covering the relevant Grant Years is terminated and replaced by this agreement on the date this agreement is made.
31. Except for action the Commonwealth is expressly authorised or required to take elsewhere in this agreement or HESA, no variation of this agreement is binding unless it is agreed in writing and signed by the parties.
32. If a court or tribunal says any provision of this agreement has no effect or interprets a provision to reduce an obligation or right, this does not invalidate, or restrict the operation of, any other provision.
