**Note:**

New funding clusters and contribution amounts took effect in the 2021 academic year. Grandfathering arrangements are in place for students who would see an increase in their contribution amounts. Under these arrangements, students who commenced their course of study before 1 January 2021 facing increased student contribution amounts for a unit, will instead have their student contribution and Australian Government contribution amounts remain as they were under the previous arrangements (with existing rates being indexed by CPI each year. If continuing students are enrolled in units that will see their student contribution amount lowered, their student contributions will be the lowered amount and the Australian Government contribution would be the new rate. That is, there will be no “mixing’ of old and new rates for a unit. Grandfathering arrangements are set out in the *Higher Education Support Amendment (Job-Ready Graduates and Supporting Regional and Remote Students) Act 2020* and Explanatory Memorandum.

## HELP loan limit

Following the passage of the *Higher Education Support Legislation Amendment (Student Loan Sustainability) Act 2018*, from 1 January 2020 the FEE-HELP limit has been replaced by the HELP loan limit and includes HECS-HELP loans with census dates from 1 January 2020.

The HELP loan limit is the maximum amount that a person can borrow under HELP. This limit excludes any loan fee.

The HELP loan limit in 2022 is **\$156,847** for medicine, dentistry, veterinary science (as defined in the *Higher Education Support Act 2003*), or eligible aviation students and **\$109,206** for all other students.

## Maximum OS-HELP amount

The maximum OS-HELP amount is the maximum amount that a student can borrow under OS-HELP for a given period of six months. The maximum OS-HELP amount in 2022 is **\$7,100** if the student will not be studying in Asia or **\$8,519** if the student will be studying in Asia and an additional **\$1,133** if the student will be undertaking Asian language study in preparation for study in Asia.
