School and Community

School community is great and good for the well being of the children but i sometimes feel in our particular primary school the community is encouraged over and above individual achievement

Rating: 5

Information and Communication Technology

Im not of the belief that technology is the great solve all for engaging students. I think it creates lazy thinking and is too distracting and fast moving

Rating: 3

Entrepreneurship and schools

Rating: 7

Improving access – enrolments, clusters, distance education and boarding travel is a killer but the motivated parent will do it which is hard on the motivated child without a motivated parent

Rating for enrolments: 7

Rating for clusters: 4

Rating for distance education: 2

Rating for boarding: 5

Additional Comments

I will be pushing my three children to aim for University , but they have parents who are both university educated so we get i. we are a minority in this country town and i would love to see more children down here understand and see that they can go to University - there are pathways to help with costs and ways to ask for help- parents need to be educated as to how they can help their child get there
